Overall, my diverse range of interests showcases my creativity, dedication, and ability to excel in a variety of areas, both individually and as part of a team.

LANGUAGES

English   :- Intermediate

PROFILE

Hi, My name is Lakshay Kumar Kashyap and I'm **Self Taught MERN stack developer**, I have Created a project using MongoDB, ExpressJS, ReactJS, and NodeJS, I am skilled in building end-to- end web solutions that cater to a wide range of user requirements. My proficiency in Server-side scripting allows me to deliver robust, user-friendly, and visually appealing applications. I am a quick learner, with the ability to adapt to new technologies and frameworks. Additionally, my strong communication skills and ability to work well in a team environment make me a valuable asset for any project.

WORK HISTORY

INTERNSHIP STUDENT

SOLITAIRE INFOSYS PVT LTD.   October 2022 - February 2023

As an Intern, I gained valuable experience and knowledge in CyberSecurity and Web Security. During my internship, I had the opportunity to work alongside experienced professionals in the industry and learn from them, which helped me develop a strong foundation in both fields.

I was exposed to the fundamentals of web security and learned about common web security threats, including cross-site scripting (XSS) and SQL injection, and how to mitigate them using different security measures. This experience has given me the skills to prevent attacks and maintain the security of web applications.

Furthermore, I gained hands-on experience in front-end and back-end web development. I learned the basics of HTML, CSS, and JavaScript, which allowed me to create dynamic and responsive web pages. Additionally, I was introduced to server-side scripting languages such as PHP and Python and learned how they are used to manage data and interact with databases.

Overall, my internship experience in CyberSecurity, Web Security, and web development has equipped me with valuable skills and knowledge that I can apply in future roles in the field.

EDUCATION

I am a highly motivated and driven individual with a strong educational background. I completed my schooling till Class 12 from **Shishu Niketan Public School Mohali,** where I gained a solid foundation in various subjects.

Currently, I am Pursuing **My BTech degree** in Computer Science from SUSCET College, where I am developing a deeper understanding of computer programming, software development, etc. Through my academic career, I have demonstrated a strong work ethic and a commitment to excellence.
